FAST 50 ASIAN AMERICAN BUSINESSES

Congratulations to our Fast 50 Asian American Businesses! This is a program of the USPAACC Education Foundation that highlights the robust growth of Asian American-owned companies over the years—yet another indicator that through innovation, hard work and ingenuity, Asian Americans are at the forefront as engines of growth in our national economy.

To qualify for the ranking, companies must be owned by one or more Asian Americans (at least 51% ownership), among other eligibility criteria. Based on percentage revenue growth over three years, selection was determined through direct applications and nominations. All finalists were independently verified by the New York-based accounting and consulting firm of Holtz Rubenstein Reminick LLP.
