

NitraPro 16"

Elongated Nitrile Exam Gloves

Excellent for sterilization, decontamination, disinfect, cleaning or handling with chemicals in a hazardous environment. This 16-inch specialty glove is designed to offer exceptional added coverage and protection where there is potential exposure to sharps and chemicals. Tested with a wide range of chemotherapy drugs including Carmustine and Thiotepa.

Description:

- Full textured fingertips enhance grip in wet and dry situations.
- Longer 16" extended length
- Tested for puncture resistance and color-coded sizing on box.
- Meets and exceeds NIOSH recommendations for Fentanyl and gastric acid resistant.
- Meets both ASTM D6978-05 and USP 800 Personal Protection Equipment requirement for use of chemotherapy gloves when handling hazardous drugs.
