

OysterSkin

Powder-Free Nitrile Exam Gloves

OysterSkin Grey Nitrile Exam Gloves provide tactile sensitivity and protects hands from potentially infectious materials. New nitrile compounding technology allows for a thinner glove with incredible elasticity. They offer a soft and comfortable feel with outstanding tactile sensitivity. Packaged in 250 gloves per box. Devotes less space to glove storage, less time handling cartons

Description:

- Finger-tip textured enable grip even when wet.
- Virtually no pressure on the hands and reduces fatigue after extended wear.
- Offer excellent sensitivity for touch perception and dependable protection.
- 60% saving in the storage space, fewer boxes to discard and less waste.
- Meets both ASTM D6978-05 and USP 800 Personal Protection Equipment requirement for use of chemotherapy gloves when handling hazardous drugs.
- Meets and exceeds NIOSH recommendations for Fentanyl.
